

1407AG1 – Creation of PC Age Group Championships Meet

Beginning with the 2015-16 swim year, the Age Group Committee would like to add a dual venue Age Group Championships competition. The USA Swimming 'A' Motivational time standards will be used as the meet entry time standards. There will be no entries of a USA-S "AAA" or higher time standard accepted. The competition will run two to four weeks prior to the Pacific Swimming Junior Olympic Championships (Notation of time standard would become P&P Section X1.5)
(Steve Hurko, Age Group Committee) (P&P) (30 day motion)

1407AG2-JO Time Standards

Beginning in the summer of 2015,, the AG Committee recommends the changing of the Junior Olympic Championships time standards to the USA Swimming Motivational 'AA' time standards.
(Official changing of P&P Section XI.4)

Reasoning: As we stand, the Speedo LC Junior Olympics has only been awarded to a single venue (TERA). By lowering the standards to the 'AA' standard the meet should be able to run at a single venue
(Steve Hurko, Age Group Committee) (P&P) (30 day motion)

1407AG3-Far Western Time Standards

Beginning in 2015, the AG Committee recommends the changing of the Far Western Championships time standards to the USA Swimming Motivational 'AAA' time standards.
(Official changing of P&P Section XI.3).
(Steve Hurko, Age Group Committee) (P&P) (30 day motion)

1407AG4-Removal of the word "Junior Olympics" from the December JO Championships

Effective immediately, the Age Group Committee would like to rename the December '14/Under Junior Olympics' to the "14/Under Winter Championships".
(Steve Hurko, Age Group Committee) (R&R) (30 day motion)

Section XI Time Standards

1.0 *Pacific Swimming will use the USA Motivational time standards as their age group time standards.*

~~Pacific Recognition Time Standards shall be established using the following procedure:~~

~~For 2013, the PRT time will be calculated by taking the average of the 25th place time in Pacific Swimming for 2011 and 2012 rounded up to 0.09 , adjusting upward if necessary so that it is always faster than the Far Western time.~~

~~_____ for 2014, the PRT time will be calculated by taking the average of the 25th place time in Pacific Swimming for 2011-2012, and 2013 rounded up to 0.09, adjusting upward if necessary so that it is always faster than the Far Western time.~~

~~_____The years following, the rolling averages across the previous three (3) year's 25th place time in Pacific Swimming will be used, rounded up to 0.09 and adjusting upward if necessary so that it is always faster than the Far Western time.~~

~~_____Times must be faster than the Far Western qualifying standard for applicable age groups.~~

~~_____a.. If time is not faster than the Far Western qualifying standard, it must be adjusted to be faster.~~

2.0 The following criteria shall be used to calculate the Western Zone Consideration Time Standards:

1. Average of the 8th place times in prelims of the Far Western Championships for the last 3 years
2. Times to be adjusted for altitude when applicable
3. No time shall be slower than "FW" times

3.0 The Far Western time standards ~~will~~ *shall use* be established as follows: *the USA Swimming 'AAA' Motivational time standards*

1. ~~40th place time from the meet results for three years rolling average, rounded to 0.09~~

~~_____2. No time standard for an older age group can be slower than a younger age group~~

- _____ a. If the result time is slower m use the faster of the two times (make times equal)
- _____ b. Times are valid for 18 months
- _____ c. The SCM times will be converted from LCM times using the USA Swimming Time Conversion Utility

4.0 the Junior Olympic time standards will ~~shall use~~ be established as follows: *the USA Swimming 'AA' Motivational time standards.*

- 1. 40th place time from the meet results for three years rolling average, round to 0.09.
- _____ 2. No time standard for an older age group can be slower than a younger age group.
 - _____ a. If the result time is slower, use the faster of the two times (make times equal).
 - _____ b. Times are valid for 18 months
 - _____ c. The SCM times will be converted from LCM times using the USA Swimming Time Conversion Utility

5.0 The Developmental Championships time standards shall use the USA Swimming 'A' Motivational time standards

The Pacific Swimming 'A' time standards shall be 8% off the Junior Olympic time standards and rounded to the nearest .09

_____ 5.0 The Pacific Swimming 'B' time standards shall be 10% off of the Pacific Swimming 'A' times and rounded to the nearest .09.
